Our Tan Eclipse Oxfords for men are made up in Russia Calf Leather, Blucher cut and the new Kenton toe.

RICHART'S Shoe House.

NO 13 EAST SECOND STREET, SEYMOUR, INDIANA.

With the words he straightened. His tendons strained against the fetters, and they fell from his wrists as he sent a look at the quaking loyalists of the house that chilled their blood.

"I know not what course others may take"—oh, the hissing scorn of that now triumphant voice!—"but as for me—as for me—give me liberty or give me death!"

Anne heard what followed as in a dream. She heard the studied oratory of Richard Henry Lee, aided by the elegant gestures he practiced before the mirror. She heard Thomas Nelson, the richest man in Virginia, no longer shifting in his seat, now crying out that if British troops should be landed in the county of which he was lieutenant he would obey no forbidding, but call his militia and repel them at the water's edge.

She saw standing on the committee appointed to carry out Henry's resolution to arm the colony—greatest marvel of all—the very men who had cried out against it, Mr. Pendleton, Colonel Harrison, Colonel Bland.

At that moment a vast army began forming. From those walls in which later Benedict Arnold was to quarter his British marauders the message flew that day. One by one the battalions gathered, strong, but invisible. They were not called by drum or trumpet. They had no camp nor field nor garrison. But at plow, in shop or in chamber the recruits silently answered the summons and stood ready.

It had been the hour and the man. The hour had started the initial impulse of the Revolution, and the man was Patrick Henry.

Body of E. L. Wentz Found.

Big Stone Gap, Va., May 9.—The body of E. L. Wentz, who so mysteriously disappeared Oct. 14, 1903, was found Sunday afternoon near Kelly View, within a mile of the place where he was last seen alive.

MRS. POWELL CONVICTED

Life Imprisonment for Woman Who Killed Husband's Paramour.

Dover, Del., May 9.—Mrs. Mary A. Powell has been convicted of the murder of Estella Albin, the jury fixing the punishment at imprisonment for life. Estella Albin lived with Mr. and Mrs. Powell at Bower's Beach. On

MRS. MARY A. POWELL.

Feb. 9 she was found murdered in the attic of the house. Mrs. Powell was arrested and confessed, but declared the act was committed in self-defense. The evidence showed that illicit relations existed between Mr. Powell and Miss Albin, and the prosecution endeavored to prove that Mrs. Powell killed the girl in a jealous frenzy. Sentence was pronounced by the court today.

The Boston Bakers' Strike.

Boston, May 9.—Contrary to what had been deemed probable, a general strike of all union bakers in New England was not ordered at the convention of the Massachusetts state branch of the bakery and confectionery workers held here Sunday. The sentiment of the convention seemed to be opposed to drastic action at this time. The matter of ordering a general strike, in order to prevent firms outside of Boston from supplying goods to those bakeries in this city against which a strike has been declared was left to the executive committee of the Massachusetts state branch.

Visitors Occupy Pulpits.

Los Angeles, Cal., May 9.—Bishops, ministers and presiding elders in attendance upon the Methodist general conference occupied pulpits in Protestant churches in Los Angeles, Pasadena and all the surrounding cities and towns within a radius of sixty miles Sunday, and every place of worship was crowded at morning and evening services to listen to distinguished speakers. At Hazard's pavilion mass meetings in the morning, afternoon and evening were attended by as many as could find seats or standing room.

JAPS STILL SCORE

Further Victories Reported For Invading Army In Lower Manchuria.

RUSSIANS IN FLIGHT

Feng Wang Cheng Was Taken With Little Trouble and New Chwang Preparing For Evacuation.

Continued Successes of Japanese Arms Celebrated With Great Demonstration In Tokio.

Tokio, May 9.—After sharp cavalry skirmishes a detachment of infantry belonging to General Kuroki's army has taken Feng Wang Cheng. The Russians before retreating exploded the magazine, but left large quantities of hospital stores, which are being used by the Japanese hospitals.

London, May 9.—The Morning Post's Shanghai correspondent reports that Dalny was captured Friday, while the Tokio correspondent of the Daily Telegraph, cabling under date of Sunday, says: "Dalny was invested yesterday."

Shan Hai Kwan, May 9.—Refugees from New Chwang are returning there armed to resist brigands who are said to be across the river near Yinkow, waiting an opportunity to enter New Chwang and pillage between the anticipated evacuation of the Russians and the entrance of the Japanese.

St Petersburg, May 9.—Two of the dispatches calculated to increase the depression existing among all circles in Russia were given out last night. From the point of view of the progress of the campaign the most important is that regarding the capture by the Japanese without opposition of Feng Wang Cheng, on May 7. The second gives details concerning the killing, wounding and missing among the troops under the command of Lieutenant General Zassalitch, as the result of the fighting on the Yalu, the number of which totals 2,397 officers and men.

General Kuropatkin forwarded a message from Lieutenant General Zassalitch, who had been left in command of the column retreating from Feng Wang Cheng, which described the movements of the enemy in connection with the occupation of the town. The information caused no surprise to the officials, who had been

MAP SHOWING WHERE JAPS HAVE LANDED.

advised of the decision that no attempt would be made to hold Feng Wang Cheng, the superiority of the Japanese in all fighting arms insuring a disaster similar to that at Kiu Lien Cheng. Therefore General Zassalitch was given strict orders that there should be no fight of the rear guard.

The Russians left while General Kuroki was making his dispositions for a big battle. The Japanese approached from two directions along the main road and up the valley, placing batteries so as to command the town. This procedure on the part of General Kuroki shows the entire Japanese plan of operation had been thoughtfully prepared and that every division commander knew exactly what he should do. Now that General Kuroki is established at Feng Wang Cheng the Russians are puzzled as to what move he will make next. The fact that he sent two companies to Dalian Diapu Tse, ten miles north-northeast of Feng Wang Cheng, might indicate his purpose to proceed along this road to Ting Chan Gien, ninety miles north, from where he would march due west to Liao Yang. This would permit an effective flanking movement, but it is not considered probable, the likelihood that he will move along the road by which the Russians retreated toward Liao Yang. This road branches off at Chats Chang, twenty miles westward of Feng Wang Cheng, and continues almost directly west of Hai Cheng, which was captured by the Japanese during the Chino-Japanese war. A march on this place would compel the evacuation of New Chwang, as the force there would be in danger of destruction or of being subjected to a siege by the armies converging from Hai Cheng and the southern part of the Liao Tung peninsula.

There is no confirmation up to the present time that the Russian are preparing to evacuate New Chwang, but few would be surprised if it should turn out to be correct. The effect of a march along the road to Hai Cheng would be to place absolutely in the control of the Japanese all Manchuria between the Yalu and the Liao Tung peninsula with the exception of Port Arthur. The Russians admit that at this stage of the war the Japanese control the territory mentioned, the Russian invalid, the army organ, making this concession. The remainder of the press is silent.

The only gleam of brightness in the dark cloud overshadowing the east lies in the official information from Major General Pflug that Port Arthur is not yet blockaded by the Japanese. How this information was obtained the officials will not say, but they insist that it is reliable and are satisfied that the defenders will prevent the success of the further efforts which the Japanese will undoubtedly make to bottle up the harbor.

NEW CHWANG DESERTED

Important Point Evacuated by Panicked Stricken Russians.

New Chwang, May 9.—There is every indication that the Russians have decided to evacuate New Chwang. Troops have been leaving here all day long. Forts have been dismantled and all artillery has been placed on board trains. All the local transportation has been commandeered by the Russian authorities. There is current here a native rumor that Japanese troops are at Foo Chau bay (on the west side of the Liao Tung peninsula, and about sixty miles north of Port Arthur), but this report lacks confirmation.

The fear is held here that if the Russians leave and the Japanese do not at once take possession of New Chwang the brigands, who are now across the river near Yinkow, will pillage the place. The foreign residents are prepared to resist the brigands should they come over. The British consul has requested that a gunboat be sent to New Chwang.

The Russians probably will destroy the gunboat Sitovitch before leaving. The vessel is at New Chwang.

Japanese troops fired on what probably was the last train out of Port Arthur as it passed near Port Adams. They used artillery and small arms and killed or wounded several Chinese.

It is reported here that Viceroy Alexieff was slightly wounded prior to his departure from Port Arthur. He barely escaped from there before the Japanese closed the lines of communication. The Russian general staff have moved from Liao Yang to Mukden.

Russians here will not talk of the situation for fear that they may impart some information. They do not consider that their forces here are sufficient to hold this section of the country. It is probable that the Russian troops will withdraw to Harbin.

PRECIPITATE FLIGHT

Russians Stood Not on the Order of Their Going at Feng Wang Cheng.

Shan Hai Kwan, May 9.—There has been severe fighting at Feng Wang Cheng, in which the Japanese were victorious. They took many prisoners.

The Russians are retreating toward Hai Cheng (thirty-two miles east by north of New Chwang) and are evacuating the western side of the Liao Tung peninsula. On Thursday and Saturday of last week the Japanese landed 10,000 men at Kinchau bay, 10,000 at Foo Chau bay and 7,000 at Pitsewo. They occupied the towns of Wu Fung Tien and Pu Lan Tien and destroyed several miles of the railroad.

The occupation of Port Arthur is complete. Sixteen Japanese warships protected the landing of troops at Kinchau bay, directing a sweeping fire over the narrow isthmus where the soldiers disembarked. Seventy-five Russians who were wounded in this fighting were brought on the last train to arrive there. Food is scarce at Mukden; the troops there are eating bean cakes. The Russians are preparing to evacuate New Chwang, and that city is in a turmoil of hurried flight.

Rejoicing at Tokio.

Tokio, May 9.—A great popular demonstration was held here last night in honor of the victories achieved by the Japanese army and navy.

Tens of thousands of people carrying lanterns, flags and banners marched past the imperial palace and the offices of the foreign war and navy departments. Dozens of American and British flags were carried by men, women and children who participated in the celebration. It was the greatest demonstration ever witnessed in Japan.

Russia's Losses on the Yalu.

St. Petersburg, May 9.—General Zassalitch confirms the reports of the enormous mortality in the battle of the Yalu and concludes his report as follows: "Our losses on April 30 and May 1 altogether amounted to 70 superior and subaltern officers and 2,324 killed, wounded or taken prisoners. Of this total 1,081 were left on the battlefield, but it is not known whether they were killed or wounded."

Japs Cut Off Communication.

Tokio, May 9.—A detachment of the Japanese army operating on the Liao Tung peninsula dispersed small bands of Russian troops and captured Pu Lan Tien, a railroad station. The Japanese destroyed the railway and telegraph, thus severing the Russian communication with Port Arthur.

DIVORCE DANGERS

Church Conference Asks For New Laws to Restrict Social Menace.

AN IMPORTANT ACTION

Campaign of Education on the Subject Has Been Started to Secure Legislative Enactment.

An Amendment to the Constitution of the United States Is the Ultimate Goal.

Philadelphia, May 9.—The inter-church conference on marriage and divorce, a body representing officially fourteen leading denominations, has issued through its secretary, the Rev. William H. Roberts, D.D., an appeal to the public, calling attention to several aspects of the divorce question.

The paper is the beginning of a national campaign of education on the subject, to be followed by efforts to secure the enactment of laws in the state legislatures, and ultimately it is thought, of an amendment to the constitution of the United States. Already action has been taken by the conference looking toward the prevention of the remarriage, by ministers of other communions, of divorced persons whom clergymen of their own faith have refused to marry.

This movement is the first occasion of any sort on which the representatives of the great denominations have officially come together. The members of the conference include: Protestant Episcopal church in the United States, Presbyterian church, Methodist Episcopal church, Methodist Episcopal church south, Reformed Church of America, Reformed Church in the United States, United Presbyterian church, Evangelical Lutheran church, the Baptist church, the Congregational church, the Universalist church, the Unitarian church, the Reformed Presbyterian church, the Cumberland Presbyterian church, the Alliance of the reformed churches holding the Psehyterian service.

FATAL RESISTANCE

Tibetans Lose in Battle in the Himalaya Mountains.

British Camp, Karopass, Tibet, May 9.—A stiff fight to drive the Tibetans from their positions two miles below the pass lasted for six hours.

The Tibetans, numbering 1,500, held the positions with great tenacity and lost nearly 200 before they were expelled.

The British losses were Captain Bethune and three men killed and twenty-one men wounded. A snow-storm prevailed throughout the fight.

More Signs of War.

Lima, Peru, May 9.—The general staff has ordered two line battalions and one battery of machine guns to proceed to Alto Juria, by way of the river Amoyua, to repulse any Brazilian troops there may be in that territory and one battalion, with two machine guns, has been ordered to Chancay, on the river Purus, to sustain Peruvian sovereignty there. The general staff has ordered that Iquitos be placed in a state of defense, that the harbor be mined and that a division be formed there of 3,000 men, which shall, under certain circumstances, occupy Tabatinga and Manos, Brazilian towns on the Amazon.

Casualties at Port Arthur.

Tokio, May 9.—The casualties in the last attempt of the Japanese fleet to block Port Arthur, which took place on May 3, are one officer, Commander Takayangi, commanding the steamer Yeddo Maru, and six men killed; four men seriously and five officers and eleven men slightly wounded. Fourteen officers and seventy-four men are missing and eight officers and thirty-six men were rescued uninjured.

Treasury Issues Big Warrant.

Washington, May 9.—The treasury warrant for \$40,000,000 to be delivered to J. P. Morgan & Co., of New York, on account of the Panama canal purchase, was taken to that city last night by Secretary of the Treasury Shaw, to be delivered by the secretary to Morgan & Co., today.

TERSE TELEGRAMS

President Casimiro, of Peru, is dead. Fire burned thirty-five houses, a hotel and a bank at Ulica, Mich., almost destroying the village.

The mill and sheds of the plant of the Riehmann Co., of Chicago, were burned. Loss \$125,000, covered by insurance. The activity of burglars has made burglary insurance at Chicago unprofitable to the companies that have been placing it.

Andrew McNally, of the publishing house of Rand, McNally & Co., is dead. Mr. McNally was one of Chicago's millionaires.

At Okaloosa, La., the two-year-old babe of W. H. Doe fell down a fifty-foot twelve-inch tile well and slowly smothered to death.

Mrs. Mary A. Powell was convicted, at Dover, Del., of the murder of Estella Albin, the jury fixing the punishment at imprisonment for life. The result of an old family feud, S. L. Nixon, prominent Texas politician, shot and killed R. W. Malone and Col. Veaz, prominent citizens of Luling.

After a strike of the printers, lasting more than two weeks, Lisbon's news famine is at an end. During that time the Portuguese capital was without a newspaper.

Prince Pu Lun, heir apparent to the Chinese throne, who is visiting the United States, will make a several day's visit in Indianapolis, expecting to arrive there Wednesday, May 12.

GETTING TOGETHER

Indiana Delegates to the Chicago Convention Preparing for Duty.

Indianapolis, May 9.—The delegates to the Republican national convention from this state may have a meeting here the latter part of this week, although no call has been issued. No arrangements have been made as yet for the trip, although National Committee member Harry S. New has been looking after quarters. It is probable that the Indiana delegation will be quartered at the Auditorium Annex. The meeting of the delegates will be for the purpose of making the assessment for expenses for the headquarters, which is always prorated. The delegation will also be organized by the appointment of a chairman and secretary. It may go to the point of endorsing Mr. New for re-election, although he has no opposition. There has been some talk that the delegates may try to find out whether or not Senator Charles W. Fairbanks will permit the use of his name for vice president, but it is certain that nothing will be done to embarrass him. Arrangements will probably be made for a special train from here to Chicago.

There were a few arrivals here today for the Democratic state convention Thursday—a very few, however, as there is no ticket to nominate this time, so there will not be the customary amount of "log rolling." It is very likely, however, that there has not been a state convention in recent years that was half as interesting as the one Thursday may be. The fight that has been going on for control is a reminder of the memorable campaign of 1892, when many of the Indiana Democrats wanted to endorse Governor Gray for president, while the remainder were for Cleveland. The contest was fierce, but no more so than the one that is now ending. It is probable that there never has been a contest for control of an Indiana delegation to a national convention in which so much interest has been aroused. It is expected that there will be several hundred delegates here by tomorrow night, but the big crowd will not come before Wednesday night, when the districts will meet to select delegates.

The Hearst headquarters this week will be handled by a number of well-known Indiana politicians. Among them will be former Supreme Judge James McCabe of Williamsport, Adam Heimberger of New Albany, Senator Joe Milburn of Jasper, who is an aspirant for lieutenant governor; Captain W. R. Miers of Anderson, former secretary of state; Charles F. S. Neal of Lebanon, Senator Lew Urey and Henry Collierick of Fort Wayne and Henry Barnhardt of Rochester. There will be many others of course, but these will be among the most prominent. It is very likely that Hearst slate for delegates-at-large will be made up from the men named above. The Parker slate for delegates-at-large is now composed of Chairman O'Brien, B. F. Shively, John W. Kern and Major G. V. Menzies.

The Hearst headquarters proper this week will be located at the Claypool hotel, but his managers have secured two of the most commodious parlors at the Grand. The latter seems to be regarded generally as the headquarters for the Parker forces because of Taggart's leadership. It is said that Hearst has reserved many of the most beautiful rooms at the Claypool, where he will entertain on a lavish scale. Charles F. S. Neal of Lebanon will have charge of the headquarters at the Grand, while J. Oscar Henderson will be the commander-in-chief at the Claypool.

Enmity to new ideas is no proof of loyalty to old ones.

A little sin may hold as much sorrow as a large one.

Just within her grasp is safety—but she does not see it; she is looking the wrong way. There's many a woman struggling in a sea of disease who is doing the same thing—looking the wrong way—snatching at medicinal straws when the life buoy, Dr. Pierce's Favorite Prescription, is within her reach.

Many a woman has testified: "I know I should not be alive to-day but for Dr. Pierce's Favorite Prescription." This famous medicine establishes regularity, dries weakening drains, heals inflammation and ulceration, and cures female weakness.

Weak and sick women, especially those suffering from diseases of long standing, are invited to consult Dr. Pierce, by letter, free. All correspondence is held as strictly private and sacredly confidential. Address Dr. R. V. Pierce, Buffalo, N. Y.

"I take pleasure in writing to let you know the great good I received from your 'Favorite Prescription' and your 'Pleasant Pellets,' says Mrs. Nora Gaddis, of Rio, Hart Co., Ky. 'I took seven or eight bottles of 'Favorite Prescription' and one or two vials of the 'Pellets.' Think I would have been in my grave had it not been for your medicines. It has been about four months since I took the medicine. I was all run down, had loss of appetite, could not sleep at night, was nervous, had backache, black spots on my limbs, and sick headache all the time. I have not had sick headache since I took your medicine."

"Favorite Prescription" makes weak women strong, sick women well. Accept no substitute for the medicine which works wonders for weak women.

Dr. Pierce's Pleasant Pellets cure dizziness and sick headache.

ALL WOMEN

Who wish to retain or regain their health must see to it that functional regularity is established. This is an all-important question and the wise women will resort to Hostetter's Stomach Bitters at the first symptom of any derangement, because she knows it always gives prompt relief. Pains in the Back, Bloating, Vomiting, Headache, Indigestion, Dyspepsia, Fainting Spells and Sleeplessness are all danger signals which require the Bitters. Try one bottle.

HERE is hoping that the Seymour Woodmen will achieve success in their endeavors to bring the state log rolling here next year. They should have all the support our people can give. This is a meeting worth going after.

THE Fourth district democrats will nominate Lincoln Dixon for congress at Rising Sun tomorrow. To make the convention a little more interesting they have planned a boat ride on the Ohio for the delegates. The indications are that it will not take a big steamer to hold all of them.

It is rumored at Washington that Senator Quay is soon to retire from public life on account of poor health and advancing years. He has been one of the most conspicuous men in the senate for many years and was a power in Pennsylvania politics.

SIX Seymour pastors preached from the same text Sunday and all used the same analysis of the theme chosen, "The Spirit of Worldliness in the Church." All these sermons were heard with interest and many valuable truths were impressed on the minds of the congregations.

THE Fourth district democratic convention at Rising Sun tomorrow will be a tame affair. But just wait until the convention at Indianapolis when the delegates to the national convention are chosen. There will be some life there. The Hearst crowd will be on hand and they will measure strength unless present signs fail.

A Runaway Bicycle.

Terminated with an ugly cut on the leg of J. B. Orner, Franklin Grove, Ill. It developed a stubborn ulcer yielding to doctors and remedies for four years. Then Bucklen's Arnica Salve cured. It's just as good for Burns, Scalds, Skin Eruptions and Piles. 25c, at W. F. Peter Drug Co.

BORN.

To F. W. Wesner and wife Sunday May 8, a daughter.

Moderately Dry.

Yesterday was a moderately dry Sunday in Seymour. It is said that the saloons were generally pretty well closed throughout the day. It is believed that word was passed from an official source that less Sunday business and a day of rest would be a beneficial change. And who would dispute this proposition?

Doesn't Respect Old Age.

It's shameful when youth fails to show proper respect for old age, but just the contrary in the case of Dr. King's New Life Pills. They cut off maladies no matter how severe and irrespective of old age, Dyspepsia, Jaundice, Fever, Constipation all yield to this perfect Pill. 25c, at W. F. Peter Drug Co.

"Friends of Glen Kyte, ex-'07 will be pleased to hear that he is doing well as a student at Indiana University and is a member of the Kappa Sigma fraternity."—Exponent, Purdue University.

Were Around the World.

Sergeants Arthur French and Fred Weineke are back home from the Philippines and a trip around the world. They were with the 26th U. S. Infantry as musicians and were out three years. They went first to Ft. McPherson, Georgia, then to New York from where they sailed for the Philippines via the Suez canal. They came back to the States by way of San Francisco a few months ago and were stationed at Fort Sam Houston, Texas.

Fraternity Star.

"We are not astronomers by any means, but since our last letter to The Caduceus we have discovered two 'stars.' On the evening of January 23 we added a couple of crescents to these 'stars' and we now take pleasure in introducing to Kappa Sigma, Fraternity, George Mutschler, of Goshen, and Bro. Edwin G. Kyte, of Seymour. The latter is not only a 'Star' but a very high flyer also."—Caduceus of Kappa Sigma.

Disastrous Wrecks.

Carelessness is responsible for many a railway wreck and the same causes are making human wreck of sufferers from Throat and Lung troubles. But since the advent of Dr. King's New Discovery for Consumption, Coughs, and Colds, even the worst cases can be cured, and hopeless resignation is no longer necessary. Mrs. Lois Craig of Dorchester, Mass., is one of many whose life was saved by Dr. King's New Discovery. This great remedy is guaranteed for all Throat and Lung diseases by W. F. Peter Drug Co. Price 50c, and \$1.00 Trial bottle free.

E. J. Miller of Rockford, has been awarded a \$10,000 gravel road contract by the commissioners of Bartholomew county.

The hearing of the Gillespie murder case at Rising Sun this week will attract attention throughout the state. Henry N. Spaan, the noted criminal lawyer of Indianapolis, will assist the prosecution.

A Modern Instance.

"In some circles of ancient magnificence," said the pedantic person, "it was customary to have a skeleton at the feast."

"We follow that custom at our house," answered Mr. Meekton. "We have a turkey one meal and the skeleton for the next four."—Exchange.

Tipping the Scales.

"Confound it!" growled Closeman. "I dropped a dime in that weighing machine instead of a penny."
"Ha, ha!" chuckled his buffoon friend. "I guess that's when you tipped the scales."—Philadelphia Record.

All That Was Lacking.

He had been away on a business trip for quite a long time and had brought his wife a handsome fan upon his return.
"You're just perfectly lovely, Fred," she said. "It's the daintiest and most beautiful fan I ever saw."
"I'm glad you like it," he returned, with evident gratification.

"How could I help liking anything so pretty?" she asked, and then she added with a sigh, "I only wish I could carry it some time."
"Why can't you?" he demanded.
"No going to go with it," she answered promptly. "There ought to be a gown to match or at least one that wouldn't look shabby beside it!"
She got the gown. He kicked himself for two days and ever thereafter bought fashions to match what she already had.—New York Times.

A PUBLIC OFFER

To All Persons in Seymour Who Wish to Gain Flesh.

Some people do not need to gain flesh, but many must before health can be restored to a normal condition. Are you thin? Do you require more flesh to be really well and strong? If you do we want you to commence a course of treatment now with Vinol, and we will agree that if after you have taken what we consider should be enough to restore your normal weight, and it has not succeeded, we will pay for all the medicine you have taken ourselves.

Now you will agree that we would ruin ourselves financially if we should make such a bold offer on an article of no merit, and we must know what we are talking about, or we would not guarantee the action of any medicine like that.

A prominent physician recently said, "The best way to gain good, solid, firm flesh is to take Vinol, for in it you get all the curative, flesh-making and strength-creating properties contained in that grand old remedy, cod liver oil, without the nauseating oil itself, and the weakest stomach can retain it. Thin people are usually weak and ailing, and Vinol is what they need."

Dr. R. F. Highsmith of Sumter, S. C., writes: "While taking Vinol I gained ten pounds, it restored appetite and strength."

Mr. E. O. Taft of Boonton, N. J., writes: "Vinol increased my weight eight pounds in a short time, and made me well."

Mr. Henry Dickens, of Nashville, Tenn., writes: "Vinol increased my weight 17 pounds and cured me. I could not take cod liver oil, as it disagreed with me and upset my stomach."

C. G. Johnson of Burlington, Yt., writes: "Vinol has restored my lost weight, and I have gained 20 pounds. Old-fashioned cod liver oil upset my stomach, but Vinol made me well."

So we might go on quoting from hundreds of such letters, and it is for this reason we know what Vinol will do. You see it acts first upon the stomach, creates an appetite for good, wholesome food, and strengthens and tones up the digestive organs so the food is properly assimilated. Rich, red blood is sent coursing through every vein; solid, firm flesh is created wherever it is needed, and emaciated figures, hollow cheeks and sunken eyes are soon a thing of the past. Vinol makes firm, healthy flesh, and the weak strong, because it strengthens every organ in the body to do its work. Try it on our guarantee. W. F. Peter Drug Co.

Review of Reviews.

The Review of Reviews for May is especially strong in its timely 'news' features. It may be said that all the important topics of world interest at the present time receive treatment in the Review for May. The American reading public have long recognized the fact that, in the presidential year, this magazine is indispensable. In the number in question, the whole national political field is surveyed in the informing, interpretative way characteristic of Dr. Albert Shaw's editorial statement. Presidential issues and candidates are thoroughly discussed. The great Louisiana Purchase Exposition is the other fact of national importance this year, and the Review handles it in a manner which will be of great service to those who intend to visit St. Louis.

Not A Sick Day Since.

"I was taken severely sick with kidney trouble. I tried all sorts of medicines, none of which relieved me. One day I saw an ad. of your Electric Bitters and determined to try that. After taking a few doses I felt relieved, and soon thereafter was entirely cured, and have not seen a sick day since. Neighbors of mine have been cured of Rheumatism, Neuralgia, Liver and Kidney troubles and General Debility." This is what B. F. Bass, of Fremont, N. C. writes. Only 50c, at W. F. Peter Drug Co.

Some of the Reasons for Our Success.

We don't paralyze the Eye with drugs, and make you blind, before you see, because its obsolete.

We know how to fit frames by positive measurements, that fit right, and don't hang on the end of your nose.

We fit and have ground lenses that add, to your personal appearance, not to take away.

Because numerous Seymour people prefer our lenses to those made for them by city specialists, and we have their privilege to refer to them.

Because we give an absolute guarantee with every pair of lenses prescribed, ten years for distance and two for near vision, or old sight.

Because we have done more work in the past six months than some people do in six years.

Because we advertise facts, which have been proven to the entire satisfaction of the most conservative.

Because you can tell our lenses as far as you can see them. They don't deceive their appearance. They are as good as they look.

Because the public appreciate our ability and disposition to serve them honestly and conscientiously.

Because we don't take your money unless WE KNOW we give you good value for it.

Because our lenses are always comfortable and restful to the eyes.

Because we make
FREE EXAMINATIONS.

Don't tell you, that you are going blind, urge to permit us to prescribe. We simply show the existing conditions as we find them, and let you decide for yourself. If we do it, its right. Mr. and Mrs. Harsch, Optometrists Eye Sight Specialists, 77 N. Chestnut St., 9 a. m. to 8 p. m.

ANIMALS WITH HANDS.

The Use of the Paws in Conveying Food to the Mouth.

Kangaroos use their hands very readily to hold food in and to put it to their mouths. As their fore legs are so short that they have to browse in a stooping position, they seem pleased when able to secure a large bunch of cabbage or other vegetable provender and to hold it in their hands to eat. Sometimes the young kangaroo, looking out of the pouch, catches one or two of the leaves which the old one nibbles at the salad held in their hands, one, so to speak, "one floor" above the other. In "Alice in Wonderland" the lizard is always walking notes on a slate and then trying to rub them out again with his fingers. Many lizards' feet are so like hands that it is rather surprising that they are only used for running and climbing. But that is the main purpose to which lizards apply them. The slow, deliberate clasping and unclasping of a chameleon's feet look like the movements which the hands of a sleep-walker might make were he trying to creep down the banisters. The chameleon's are almost deformed hands, yet they have a certain superficial resemblance to the feet of the parrots, which more than other birds use the foot for many of the purposes of a hand when feeding.

To see many of the smaller rodents—ground squirrels, prairie dogs and marmots—hold their food, usually in both paws, is to learn a lesson in the dexterous use of hands without thumbs. Rats and mice do not, as a rule, "clinch" what they hold, but merely support it in their paws, the movements being much less human than they appear. Nothing more readily suggests the momentary impression that a pretty little monkey is remotely "a man and a brother" than when he stretches out his neat little palm, fingers and thumb, and with all the movements proper to the civilized mode of greeting insists on shaking hands. But no one feels in the least inclined to grasp the clawed digits of any of the rodents which use their paws to hold food. They are only "holders," not hands.—London Spectator.

SECRETS OF SUCCESS.

Push, said the button.
Never be led, said the pencil.
Take pains, said the window.
Always keep cool, said the ice.
Be up to date, said the calendar.
Do business on tick, said the clock.
Never lose your head, said the barrel.
Never do anything offhand, said the glove.
Doing a driving business, said the hammer.
Be sharp in all your dealings, said the knife.
Trust to your stars for success, said the night.
Spend much time in reflection, said the mirror.
Make much of small things, said the microscope.
Strive to make a good impression, said the seal.
Find a good thing and stick to it, said the glue.
Turn all things to your advantage, said the lathe.
Make the most of your good points, said the compass.—Pittsburg Dispatch.

Difference Explained

Why Some Stores Are Crowded And Others Are Not

Even the casual observer who walks through the retail districts of New York during the holiday season can scarcely fail to be impressed with the almost phenomenal difference in the amount of business done in the various stores. He will notice that one store seems to be constantly crowded with customers, that the salespeople are working to the limit of their endurance and that the delivery wagons are kept busy night and day distributing the goods sold. In another store in the same block, perhaps next door, he will observe that there is practically "nothing doing." This store is quite as attractive as the other, it handles the same lines and qualities of goods, and perhaps they come from the same manufacturers. The prices are equally low, and the clerks are courteous and attentive. But there is a much smaller staff of salespeople employed, and even during the holiday rush they are not kept busy. Why is there such a remarkable difference?

I have taken the trouble to investigate the problem and have made careful observations in a dozen or more cases. I have invariably found that the merchants who were doing the business were good advertisers and that the little benefit from the holiday trade made no use of printers' ink.—Retailer and Advertiser.

Runciman and Henley.

It is related that shortly after Runciman, the well known writer on seafarers and smugglers and poachers, had bitterly fallen out with W. E. Henley he lay dying in London. To Henley in Edinburgh, lame and ill, came an indirect message that Runciman believed that if Henley could come and look on him he would get well. It was a dying man's whimsy, but Henley took the train from Edinburgh and arrived in London to find his friend dead.

"BEAUTIFUL WINONA."

Excursions via Pennsylvania Lines to that Pretty Resort.

With the opening of the season at Winona Lake, May 16th, the sale of excursion tickets over the Pennsylvania Lines to that attractive resort in Northern Indiana will begin. Every summer passed there by thousands has only increased their desire to return. On the golf links, the tennis courts, the baseball or cricket grounds, the croquet field, or boating on the lake, fishing, camping, swimming, driving, or attending recitals and lectures by world-famed personages in the auditorium—whatever the diversion may be, the associations are of that congenial sort conferred by good society. This resort is noted as the site of Winona Assembly and Summer School, attracting teachers and students from educational institutions of this and other countries.

Fifteen-day and season excursion tickets will be sold from ticket stations on the Pennsylvania Lines during the summer. For information about fares and times of trains, apply to local ticket agents, or to F. Van Dusen, Chief Assistant General Passenger Agent, Pittsburgh, Pa. Illustrated literature describing attractions of Winona Lake may be had for the asking. Address S. O. Dickey, Secretary and General Manager, Winona Lake, Ind., who will give particulars regarding camping facilities, hotel accommodations, program of addresses by noted speakers and all other details.

TESTIMONIAL.

MESSRS. WATSON & CO., Indianapolis, Ind., Agents. March 1, 1904. Dear Sirs:—Replying to your query as to whether I am pleased with the F. lighting system which you installed for me fifteen months ago, I will say that it has never given me one minute's trouble nor one dollar's expense. It gives the best light I ever saw for interior use. The actinic rays are of such a character as to make it very desirable when the perfectly natural colors of objects are to be distinguished without confusion.

As to cost of maintenance, I think my experience, based upon close observation, will warrant the statement that it is under \$80 per annum, and our store is open every day in the year until 11 o'clock p. m., except on Sunday, one hour less. Under the same condition, and with the most approved facilities for the distribution of light, our bills for illuminating gas were about \$200 per year, and for electric light (arcs) about \$400 to \$420 per annum, and at no time have we had more than one-half the light we now have.

I am particularly pleased with the light, and the fact that it is so economical makes it the more desirable.

As you can readily figure, I paid for my apparatus and cost of light in about four or five months. Yours truly, R. I. EADS.

Grange Meetings.

The meeting of Seymour Grange, last Saturday afternoon, was very ably presided over by Attorney C. H. Rutherford—now of ours, but still holding the position of overseer of Grant County Grange. The subject of "Silos" was opened in a talk by John Auld Forsythe, and the discussion was continued by L. B. Marsh and others. The "Binder Twine" question also came on for liberal discussion.

Both these topics will be special orders for the regular meeting, next Saturday afternoon. Saturday afternoon, May 28th, Hon. W. H. Shields will discuss the topic of "Neighborhood Telephones." Hereafter, until the first Saturday in November, the regular meetings of the Grange will be held on the second and fourth Saturday afternoons of each month, beginning at 2 o'clock. The interest is growing and all members are urged to attend.

MALARIA

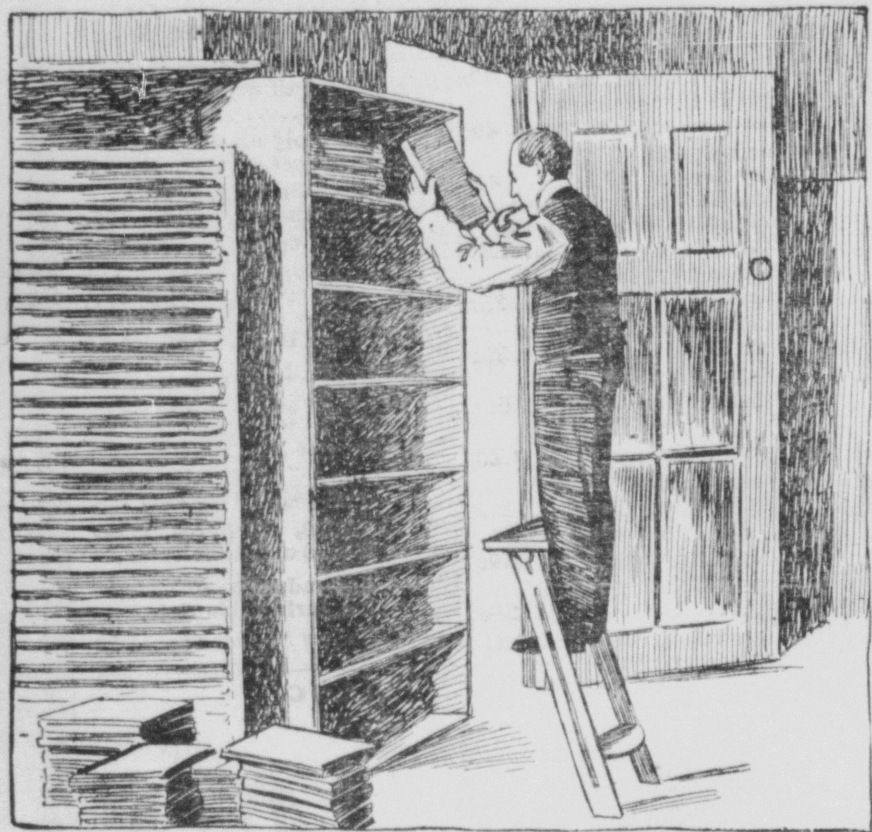

Germ Infected Air.

Malaria is not confined exclusively to the swamps and marshy regions of the country, but wherever there is bad air this insidious foe to health is found. Poisonous vapors and gases from sewers, and the musty air of damp cellars are laden with the germs of this miserable disease, which are breathed into the lungs and taken up by the blood and transmitted to every part of the body. Then you begin to feel out of sorts without ever suspecting the cause. No energy or appetite, dull headaches, sleepy and tired and completely fagged out from the slightest exertion, are some of the deplorable effects of this enfeebling malady. As the disease progresses and the blood becomes more deeply poisoned, boils and abscesses and dark or yellow spots appear upon the skin. When the poison is left to ferment and the microbes and germs to multiply in the blood, Liver and Kidney troubles and other serious complications often arise. As Malaria begins and develops in the blood, the treatment to be effective must begin there too. S. S. S. destroys the germs and poisons and purifies the polluted blood, and under its tonic effect the debilitated constitution rapidly recuperates and the system is soon clear of all signs of this depressing disease. S. S. S. is a guaranteed purely vegetable remedy, mild, pleasant and harmless. Write us if you want medical advice or any special information about your case. This will cost you nothing.

Emperor's Son Goes Visiting.

Tien Tsin, May 9.—Prince Adelbert, third son of Emperor William of Germany, who is traveling on board the German cruiser Hertha, left here Sunday afternoon for Peking. An audience between the prince and the emperor of China has been arranged for May 17. The prince will come back to Tien Tsin on the 18th, and on the 19th he will return on board the Hertha.

Rescue Work Continued.

Shamokin, Pa., May 9.—Rescuing parties are still at work in the Locust Gap colliery, where five men are entombed as a result of a fire in one of the slopes. The miners have been in the mines since Thursday night, and all hope of finding them alive has been abandoned. The fire is burning as fiercely as ever, making it impossible to penetrate the workings.

Joyous Celebration Marred.

Tokio, May 9.—During the popular demonstration last night in honor of the victories achieved by the Japanese forces, twenty-one people were killed and forty injured. The killed and injured were mostly boys who were caught against a closed gate at an angle in the old palace walls by the throng and crushed or drowned in an old moat.

An Animal Story For Little Folks
THE PROCRASTINATING KANGAROO

"Why do you hurry?" asked Mr. Kangaroo of Mr. Terrapin as the latter scrambled out of the bushes and hurried down the road the other day. "I've got to catch a train to take me to town to buy some groceries," replied Mr. Terrapin.

"So have I," said Mr. Kangaroo, "but I am not going to hurry. We have plenty of time. Let's sit down by the road and take a nap."

"No, no," answered Mr. Turtle. "I must run on to the depot. I would rather be a little ahead of time than miss the train altogether," and he hurried along.

"Silly fellow," commented Mr. Kangaroo, and then he sat down on the ground and, propping his back against a tree, fell asleep.

In the midst of a pleasant dream he was startled by a terrific "Toot, toot!"

"WE HAVE PLENTY OF TIME."

and, springing to his feet, he saw the smoke from the train in the distance. Down the road he sprang as fast as he could, all the time the rumbling and rattling of the train growing louder.

He got within sight of the depot. He saw the train stop. He saw Mr. Terrapin step on board, and then the train started again.

"Toot, toot!" shrieked the whistle. Mr. Kangaroo was almost there. "Toot, toot!" shrieked the whistle again.

Mr. Kangaroo made a long jump. One hind foot landed on a car step, but as the train was getting under full steam by that time poor Mr. Kangaroo slipped and fell.

Mr. Terrapin looked out the window of a parlor car and said to himself, "I hope I'll get back in time for the funeral!"—Worcester Post.

Child Killed by Train.

Anderson, Ind., May 9.—Margaret, the six-year-old child of Jacob Boerner, living in North Anderson met with a frightful death. In company with her nine-year-old sister she started upon a track of the Pennsylvania railroad and was struck by a passenger train running at the rate of thirty miles an hour. She was hurled fifty feet and was horribly mangled, although she lived two hours after the accident.

Cyril Returns to Capital.

St. Petersburg, May 9.—Grand Duke Cyril, eldest son of Grand Duke Vladimir and a cousin of the emperor, has returned to St. Petersburg from the far East. The burns he received at the time of the disaster to the battleship Petropavlovsk off Port Arthur have healed and he complains now only of a wrenched back. He intends to return to the far East with the Russian Baltic squadron under command of Rear Admiral Rojestvensky.

Special Grand Jury Called.

Brownstown, Ind., May 7.—Judge Buskirk has ordered a special session of the grand jury to convene here to investigate the killing of Ben Beverly, who was shot by George Patrick in a saloon at Seymour.

Boy Drowned in Canal.

Connersville, Ind., May 9.—Raymond Bostick, ten years old, son of the foreman of the Rex Buggy company, drowned in the Whitewater canal. With several other boys he was playing near the Seventh-street bridge, when he lost his balance and was swept under a grating. The body was recovered.

Held on Serious Charge.

Jeffersonville, Ind., May 9.—Charles Long, son of a well-known farmer of this county, was placed in jail on the charge of criminal assault. The victim of the alleged assault is Miss Lena Davis, daughter of Frank Davis, and the crime is said to have taken place a week ago. Both are of well-to-do families.

Losses Preyed on His Mind.

Winamac, Ind., May 9.—Sam E. Clark, a wealthy farmer and stock buyer, committed suicide by hanging himself in his cowshed. Mr. Clark had lost heavily in stock sales about a year ago, and this is thought to have preyed upon his mind until it became unbalanced. He left a large family.

His Mind Was Deranged.

Vincennes, Ind., May 9.—Frank T. Boyer committed suicide here by cutting his throat with a razor. His mind was deranged by fever and cigarettes. Boyer served in the Philippine lines and had been in poor health since he returned.

Despondent Over Ill-Health.

Elkhart, Ind., May 9.—Scott Dawson, aged about thirty and unmarried, committed suicide by shooting at the home of his mother near here. He was afflicted with an incurable disease, and this is supposed to be the cause.

Boy Drank Concentrated Lye.

Portland, Ind., May 9.—Herman D. Bailey, young son of Harvey Bailey, near Salamonia, drank a quantity of lye on Saturday and died in great agony.

A PRINCE COMING

Heir to the Throne of China Will Take a Look Over Indiana.

ON PEACEFUL MISSION

Prince Pu Lun's Stop at Indianapolis Will Be Marked by Interesting Side Trips.

Education and Industry Will Be the Points Under His Most Particular Observation.

Indianapolis, May 9.—Prince Pu Lun, the first member of the royal family of China to ever leave the Orient on a peaceful mission, is very enthusiastic over his coming visit to Indianapolis, and is anticipating it with the greatest pleasure. The prince will arrive Wednesday, May 18, and will remain several days. The visit will be significant, and if the prince is favorably impressed it may have a far-reaching effect on the extension of trade. As the visit is of such commercial importance to Indianapolis and Indiana, plans are being formulated on a broad scale to make it successful. The prince is a strong advocate of education and will make every endeavor to study educational methods. In all probability he will accept the invitation of President Stone of Purdue university to visit that institution. All the local guardsmen will turn out for escort duty. Military companies from many of the neighboring cities and towns will be present, and a reduced rate on all railroads has been secured.

CHLOROFORM IN CHURCH

Rowdies Attempt to Break Up Religious Meeting at Wabash.

Wabash, Ind., May 9.—Rowdies attempted to break up the revival services being held at the Union Holiness Tabernacle in the northern part of the city. A large amount of chloroform was thrown through the front door on the worshippers and a panic almost resulted, many persons overcome by the fumes having to be removed.

After a short interval Messrs. May and Clarke, who are assisting the pastor, Melville Pratt, in the protracted meeting, restored order and proceeded with the service, only to be thrown into a panic a little later by the stoning of the building. In spite of the air in the church being dense with the odor of the chloroform, the meeting was continued.

Semi-Centennial Conclave.

Indianapolis, May 9.—Extensive arrangements have been made for the observance of the semi-centennial conclave of the grand commandery of Knights Templar to be held in this city on Wednesday. The main feature of the celebration will be the parade, which will take place on Wednesday afternoon. This will be the largest parade of Knights Templar ever held in Indiana, and it is expected that over 2,000 sir knights will participate in it. Besides the local commandery, thirty commanderies from various sections of the state will be present and most of these will be accompanied by military bands.

MAKING HIM LOOK PLEASANT.

Is an easy thing when we quote our prices on building lumber. A pleasant surprise always awaits the contractor and builder when he visits our yard after getting prices elsewhere and seeing the superior quality of high grade lumber, hard-wood trim, flooring, laths, shingles and that we are selling at bed rock prices. Our lumber is of high quality, well seasoned and beyond competition, price considered.
